To our Beach Front Mann Realty friends, clients and customers,

As the Coronavirus pandemic continues to escalate around the world Beach Front Mann Realty realizes and appreciates the fact that this is not business as usual. We want to update you on our operating plans that will allow us to continue our support of our customers, our associates and our staff.

Unless government officials instruct us otherwise, our offices will remain open for business during normal operating hours, but we are implementing important changes to protect your health as well as that of our agents and staff. We will continue to be diligent about protecting our families, our clients, our staff and our community by taking precautions to slow the spread of the virus including frequent hand washing, social distancing, eliminating and avoiding large gatherings and cleaning and disinfecting objects and surfaces in our homes and our offices.

We are however, asking that that our customers and other Realtors use electronic means to communicate with our associates and staff and request that our customers as well as staff and associates who are ill or who have been exposed to someone known to have the virus, please self-quarantine or shelter in place.

Today's technology enables us to provide excellent service by using digital tools for which we are equipped to use in the office and from our homes.

We are doing our best to remain positive but your health and safety is our top concern. We will get through this together. We are here to help you so feel free to call or email us at anytime.

As always, our thoughts are with you all. Stay safe and healthy.
